MID-SIZE UNIVERSITY

You'll find the rigorous academics and state-of-the-art resources of a large university without the large class sizes — Baylor professors will know you by name.

DISTINCTLY CHRISTIAN

As a community of faith and service, Baylor believes in cultivating character while you build your future — both on campus and off.

LIVING ON CAMPUS

When you live on campus at Baylor, you experience a community that enables you to author the life you have been called to live through relationally driven communities that support learning and faith development. Freshmen are required to live on campus. While living on campus is optional for upper-division students, Baylor's Living-Learning Communities, Residential Colleges and Upper-Division Community at University Parks are on-campus options for students beyond their first year. Learn more about your housing options at baylor.edu/CLL.

LIVING-LEARNING COMMUNITIES

Living-Learning Communities (LLCs) are organized around specific academic programs or extracurricular interests. LLCs bring together freshmen through seniors who share similar interests and degree plans. As part of an emphasis on community, residents may share common cohort classes and have access to other academic services and programming within the LLCs.

RESIDENTIAL COLLEGES

Residential Colleges are faculty-led communities that foster academic excellence, intensive faculty-student interaction and rich culture steeped in Baylor tradition. The Residential Colleges are a two-year commitment and offer a special sense of family through community dinners, optional morning and evening prayer, and events hosted by the Residential College Faculty Steward.

- Brooks Residential College (M/F)
- Honors Residential College (M/F)
- Teal Residential College (M/F)

FIRST-YEAR COMMUNITIES

First-Year Communities foster a strong sense of belonging among Baylor's incoming class. These residence halls offer students an opportunity to meet and live with other freshmen with different interests and backgrounds. Students can learn and grow with each other at Baylor as they find their place in the Baylor Line.

- Collins Hall (F)
- Kokernot Hall (F)
- Martin Hall (M)
- Penland Hall (M/F)
- South Russell Hall (M/F)

Baylor students often discover their strengths and their passions by joining an organization, attending campus events or enjoying campus traditions. Late Night, an event held at McLane Stadium at the beginning of the fall semester, gives new Bears the opportunity to meet student leaders from Baylor's student organizations and offers games, free food and prizes. Plus, Baylor's Student Involvement Specialists are trained to help find the best options for you based on your passions, interests and calling.

FRATERNITY & SORORITY LIFE

Membership in a fraternity or sorority will give you the opportunity to excel as a student at Baylor University. Whether it is through leadership, academic excellence, service, friendship or spiritual growth, being part of a fraternity or sorority offers students the chance to make significant and impactful differences in their organizations, the Baylor community and beyond.

Baylor practices a deferred recruitment model, where incoming students become eligible for membership during their second semester rather than their first semester. This allows incoming students to spend their first semester adjusting to Baylor's academic rigor, connecting to University resources and learning about chapters and membership benefits.

ELITE OPPORTUNITIES

JOIN ONE OF OUR ELITE PROGRAMS DEVOTED TO HELPING YOU ACHIEVE YOUR AMBITIOUS ACADEMIC, CAREER AND RESEARCH GOALS.

HONORS COLLEGE PROGRAMS

A community with a mission to love truth, kindle faith and cultivate virtue through friendship, study and service to Christ and neighbor. The Honors College offers two majors, two programs and a residential college.

Baylor Interdisciplinary Core (BIC) is an alternate core curriculum for students from all majors who want to bridge disciplines and understand our world through classes with an integrated, global approach to learning.

Great Texts (major/minor) offers students practical skills through life-changing encounters with foundational works of literature, theology and philosophy in small, seminar-style classes.

Honors Program students experience distinctive classes and an in-depth approach to learning with faculty mentors. Students complete a thesis with a faculty member toward the end of their degree.

University Scholars (major) create an individualized curriculum with the support of a faculty advisor. Students choose concentrations in two or more academic disciplines to prepare for their post-baccalaureate goals.

BAYLOR BUSINESS FELLOWS & BUSINESS SCHOLARS

Baylor Business Fellows is a flexible major in the Business School that allows students to:

- Combine the study of business with Baylor's other schools and programs
- Prepare for post-graduation pre-professional goals, like medicine or law
- Study mathematics, humanities, or natural or social sciences while laying a solid foundation in business

Business Scholars is an accelerated path in the Business School that allows students to:

- Pursue multiple business majors sooner
- Participate in cohort-style classes during their freshman year
- Pursue other academic goals outside the Business School, such as minors or secondary majors
- Participate in unique, Scholars-only study abroad opportunities

COMPUTER SCIENCE FELLOWS

Computer Science Fellows is a flexible major in the Department of Computer Science that allows students to:

- Create a tailored degree plan across disciplines
- Establish an individualized course of study with a faculty mentor
- Prepare for graduate school or a successful career

HUMANITIES RESEARCH FELLOWS

Humanities Research Fellows is an interdisciplinary, research-oriented major that allows a student to:

- Pursue 40+ hours of free electives to complement your research focus
- Build individualized courses of study that are focused, flexible and grounded by research-based continuity
- Explore cutting-edge developments in digital humanities, medical humanities, public humanities and environmental humanities
- Collaborate with a team of faculty advisors to find unique research opportunities with acclaimed scholars across the humanities

SCIENCE RESEARCH FELLOWS

Science Research Fellows is a personalized, highly selective, interdisciplinary major — and the first of its kind in the nation — that allows students to:

- Pursue a career in research
- Receive individualized mentorship and career guidance that will allow them to get into the best graduate schools in the nation
- Combine their science degree with other fields of study
- Immerse themselves in research from sophomore year until graduation

MULTICULTURAL AFFAIRS

The Department of Multicultural Affairs (MA) enriches the development of each student by encouraging them to celebrate their personal heritage and embrace the cultures of others. We are proud to sponsor and support:

- The Black Student Coalition
- The Coalition of Asian Students
- The Latinx Coalition
- More than 50 multicultural organizations
- The Trailblazer Scholars Program
- Opportunities for identity development, cultural humility and student organization leadership

GLOBAL INVOLVEMENT

Preparing you for worldwide leadership and service means providing opportunities to experience the world. Choose from more than 100 study abroad programs as well as international mission trips through which you can make a global impact.

FIRST IN LINE

Our First in Line office provides support, resources and scholarships for our first-generation college students to help them navigate Baylor successfully. We also provide you with an additional layer of support through programs like:

- The First in Line Student Society
- Ambassador one-on-one meetings
- The First in Line Success Academy scholarship program

We strive to support, empower and celebrate our first-generation students!

TRADITIONS

STOMP FEST In this all-university step show, groups perform routines to compete for prize money benefitting their unique philanthropy.

¡FIESTA! A cultural celebration of the diverse cultures of Latin America through cuisine, art, music and performances.

SING Student groups compete for bragging rights in this annual Broadway-style music and dance show.

HOME COMING Baylor is believed to have the nation's oldest and largest Homecoming celebration. Students and alumni enjoy events, such as a bonfire, parade, Pigskin Revue and home football game.

THANKSGIVING DINNER One of the most attended on-campus Baylor traditions, this dinner is a time for students, faculty and staff to come together to enjoy food, games, entertainment and fellowship with the rest of the Baylor community.

DR PEPPER HOUR Each week since 1953, students, faculty and staff have come together to socialize and enjoy Dr Pepper floats during Dr Pepper Hour.

THE BAYLOR LINE This spirit organization, made up of new students, wears signature gold jerseys as they run on the field at all home football games.

15

CHRISTMAS ON 5TH STREET A joyful celebration that includes an annual tree lighting, caroling, a live nativity scene and special musical guests.

MOSAIC WEEK The diverse cultures of Baylor students are highlighted through a series of events, including a student organization fair and cultural showcase, hosted by the Department of Multicultural Affairs.

LUNAR NEW YEAR Students ring in the Lunar New Year with live performances, music, free food and the opportunity to learn about many Asian and Chinese traditions.

DIADELOSO Since 1932, students have been given a day off in spring to enjoy the outdoors. Diadeloso, or "Day of the Bear," features athletic tournaments, activities, live music and free food.

HOLI FESTIVAL Each year, Baylor's Indian Subcontinent Student Association (ISSA) invites students to observe Holi, a festival of colors that celebrates the advent of spring while showering participants in colorful powders.

WELCOME WEEK New Baylor Bears enjoy opportunities to connect with other incoming and returning students.

GET AHEAD

JUMP START YOUR COLLEGE CAREER WITH ONE OF OUR INNOVATIVE PROGRAMS!

BAYLOR UNIVERSITY

High School Juniors or Seniors: Experience the Baylor difference while earning college credit through our Accelerate pre-college program, which offers courses during the fall, spring and summer. Plus, Accelerate students may earn conditional acceptance to Baylor for Fall 2026 or Fall 2027 with the Early Admission Track!* Explore your options at baylor.edu/accelerate.

College Freshmen: Jump start your academic pursuits at Baylor by taking (discounted!) classes during the summer with our Summer of Discovery program. Get ahead in your core course requirements and move more quickly into your selected major. Taught by Baylor faculty, each Summer of Discovery course gives you the opportunity to learn alongside new friends who will be part of your college career. Find out more at baylor.edu/jumpstart.

World Travelers: Want to see the world through an exceptional educational experience — to start your college journey — after you graduate from high school? Spend your freshman fall semester abroad with our partner, Verto! Through this unique freshman study abroad program, you'll experience a different culture, expand your worldview and earn credit that will keep you on track for graduation before you come to Baylor's Waco campus in spring. Learn more at vertoeducation.org/school/baylor-university.

*Learn more about the Early Admission Track to gain conditional acceptance into Baylor. Track 1 starts the summer prior to your senior year and Track 2 starts your junior year: baylor.edu/accelerate.

There are many ways to make a Baylor education fit your family's budget. Very few students pay the full cost of tuition, and most students are able to fund their education through various scholarships, financial aid, loans and payment plans. More than 90% of students receive financial aid, and over 84% receive merit scholarships. Explore all the ways to fund your Baylor education at baylor.edu/typesofaid.

OPTION 1: MERIT-BASED SCHOLARSHIPS

Your comprehensive academic record and a full review of your completed Baylor application file determine your eligibility for a Baylor merit-based scholarship. No additional application is required. All applicants are considered for merit-based scholarships when they apply, including students who apply as test optional.

OPTION 2: FINANCIAL AID

To be considered for the maximum amount of financial aid, you must SUBMIT BOTH the **Free Application for Federal Student Aid (FAFSA)** at studentaid.gov and the **CSS Profile** at cssprofile.collegeboard.org. Submitting these applications early allows you to be considered for the most available funds. For dates, deadlines and details, please visit baylor.edu/typesofaid.

If you miss the final deadline, please submit an application as soon as possible to be considered for any remaining funds.

The FAFSA will determine your eligibility for: grants, educational loans and federal work study.

The CSS Profile will determine your eligibility for institutional, need-based aid.

OPTION 3: SPECIALTY BAYLOR AWARDS

Baylor offers a variety of specialty scholarships for students who meet specific qualifications (i.e. academic, athletics, denomination, departmental, event-based, extracurricular, first generation, leadership, military, transfers). Baylor can also help you process VA Education Benefits and participates in the Yellow Ribbon Program. Learn more about these awards at baylor.edu/typesofaid.

OPTION 4: OUTSIDE SCHOLARSHIPS

We recommend you apply for as many outside/private scholarships as possible. These might include scholarships offered by local businesses or service/religious organizations. Your school counselor should be able to assist you in determining what is available in your community. Accepted students can explore millions of dollars worth of outside scholarship options with our Scholarship Universe database.

OPTION 5: PAYMENT PLANS

Baylor offers an installment plan that allows you to pay your out-of-pocket cost each semester in five monthly payments. You can learn more about this option at baylor.edu/sfs/installment.

PRO TIP: Some questions will be the same on the FAFSA and CSS Profile. Make sure you answer consistently, or your award package will be delayed until conflicting information is resolved.
